Statement-Ill

trie steps taken by MF1L in respect of each of loss making unit

1. Oil Plant at Ujjain:
   With the approval of the Govs. Company has since closed the Unit w.e.f. 1-4-1994.

2. Fruit Processing Plant, Bhagalpui; The Company has since diversjied its activities to produce Energy Food and Supply the s.ame to Bihar Govt, The Company has set up necessary machinery and equipments for the purppse and it is expected that with the diversification of the activities of the Unit losses will come down,

3. Fruit Juice Bottling Pla.it, Delhi: The activities of the Bottling Plant has been diversified by creation of facilities for production of Energy Food being suppled to U,P. Govt. There is a substantial reduction in the losses of the unit and it is expected thai: the Unit will break even during the current yeaf 1994-95.

4. Bread Units at Ahmedabad, Calcutta and Hyderabad:
   At these Units the market potentials are there, and the company is making efforts by making operations most cojt effective and functionally efficient. The Company has been ab!e to reduce some labour force in these Units by giving VRS and as a result there is considerable reduction in the losses of these Units.

5. Bread Unit at Ranchi:
   The market potential at this unit are limited and as such the company is taking steps to restructure it by diversification as a first planned action. If these steps are not found workable, company would take action to either close the unit or lease out the operations to private sector.
